LEVERAGE  
YOUR TIME,  
YOUR MONEY  
& YOUR LIFE

## THURSDAY NIGHT - OVERVIEW

*Thursday night is setting up for the whole program.*

On this night, you will get the clarity of where you are best positioned to get the most value from the program. We will explore the vehicles available to you for creating wealth.

### STRATEGIC WEALTH SUMMIT HAS A FOUR STEP PLAN

#### 1 KNOWLEDGE

This is about really knowing where you are in this game, where you want to go and how best to get there.

#### 2 UNDERSTANDING

Gain a much deeper understanding of the financial intelligence around property, enterprise, tax and knowing your numbers.

#### 3 TRANSFORMATION

Your transformation is moving from where you are to where you truly want to be. This can take some months or years from a J-O-B into a true investor, using some of the vehicles of property, enterprise, shares, the internet and so forth.

#### 4 LIBERATION

This is moving from being help hostage to a job that you may not even like doing or feeling you have no alternatives to freedom. It's all about real choices.

*We are looking forward to you joining us at Strategic Wealth Summit. As you know, Roy always says, "Success is not a goal. It's a responsibility."*

On the Sunday, which is probably the most important session, you can write your seven year plan, particularly your next 12 months, even the next 90 days. Throughout the program you have been taking notes to prepare for this moment. It is a confidential private plan that you write for yourself. If you have one, you work with your partner, or you can instigate within the team you are building to leverage your time, your money and your life.
